

## LOCAL WATER, FIRE DISTRICT HEADS MEET, AIR PROBLEMS

Mutual problems of the Alameda County Water District and the fire districts of the township were aired at a meeting held Wednesday evening in Centerville under the auspices of the Washington Township Chamber of Commerce.

Dallas Paul, president of the Township Chamber, presided over the meeting and introduced Clifford A. Ommert, engineer for the Board of Fire Underwriters, who had been invited to present recommendations made by the underwriters.

Joseph Pashote, chief of the Newark Fire Department, was then called upon to state his reasons for requesting the meeting. Chief Pashote told of the recent controversy with the Water District over the type of hydrants the district had planned to install on Thornton Avenue. He stated that the Newark Fire District in 1940 passed a resolution that it would no longer accept the wharf type hydrants.

W. D. Patterson, president of the water board, cited the problems of the district in supplying water in extended lines throughout a vast area, an undertaking which he said no commercial water company would consider.

On the hydrant problem, Patterson quoted statistics on the number and types of hydrants which each community of the township has been provided by the district. They were as follows: Newark 20 hydrants with 75 per cent of its hydrants the standard type; Irvington, 21 hydrants with 52.3 per cent standard; Mission San Jose, 12 hydrants, 33.3 per cent standard; Alvarado, 19 hydrants, 21 per cent standard; Centerville, 49 hydrants, 19.5 per cent standard; Niles, 40 hydrants with but one standard, and Decoto, 30 hydrants, all wharf type.

"Our policy has been to put in standard hydrants within the town limits and in the country districts we have put in wharf type hydrants," Patterson told the group. He said that the district is running at a loss and is a burden to the taxpayers.

Mr. Ommert was then asked what the fire underwriters felt about wharf type hydrants for fire protection and answered, "The underwriters feel that 2 1/2 inch wharf hydrants might as well not be hooked to the water system." He said it seems to be the policy, according to his survey of the towns here, to install 2 1/2 inch wharf hydrants. He added that 4-inch wharf hydrants and connections would reduce the insurance rate penalty.

Ommert said that the rating of all of the communities of the township is in the Class 7 category, or sub-standard.

The group expressed belief that a future meeting between the water directors and the fire chiefs might result in working out a sliding scale of rentals for the various sizes and types of hydrants.

## SCHOOLS CLOSED FROM NOVEMBER 17 TO 27

## HOUSING PROJECT PROPOSITION LOSES HERE BY 4 VOTES

Many residents of Washington Township shied away from voting on the 11 proposed constitutional amendments at Tuesday's election, but those who did mark their ballots followed fairly close to the pattern set throughout the state.

Closest local balloting on the proposed amendments was on No. 10, requiring an election to establish public housing projects. On that controversial issue, 1639 localites voted yes and 1643 voted no, with the opposition carrying by a margin of but four votes out of 3282 ballots cast.

The two most contested issues, No. 1, dealing with personal property taxation, and No. 6, which would legalize gambling, were both voted down here by overwhelming majorities.

Proposition 1 was defeated locally by a vote of 2,858 to 769.

Proposition 6 was voted down 2 to 1 by a vote of 2812 to 1158.

Proposition 7, concerning the licensing of blind chiropodists, passed by a vote of 80 here, with 1578 voting for and 1498 voting against the proposal.

The two closest contested proposals locally, Propositions 7 and 10, were the only two in which local voters did not follow the pattern set throughout the state.

## NATIVE SONS PAY WHITFIELD TRIBUTE

A special meeting honoring Matt Whitfield, long-time member of the Washington Parlor No. 169, Native Sons of the Golden West, was held in Centerville Tuesday evening.

The occasion marked the retirement of Whitfield as financial secretary, a position he had held in the parlor for 37 of the 43 years he has been a member. His successor will be Leonard Lucio.

He was presented with a lifetime membership and a plaque commemorating his years of service. A class of four new candidates was initiated into the organization in his honor.

President Ted Logan presided over the meeting, which was attended by 80 members, guests, and grand officers.

The meeting was closed with a buffet lunch arranged by Morris O'Brien and Sal Russo.

## ROAD WIDENING PLAN ANNOUNCED

The Niles-Alvarado Highway is soon to be widened in preparation for its becoming a feeder road into the Eastshore Freeway, which will eventually be constructed through this area.

The Alameda County Board of Supervisors has advertised the purchase of right-of-way totaling 110 feet for the new four-lane highway.

The purchase of the land, at a price of \$21,000, will be consummated in the offices of the supervisors on November 21 at 10 a.m.

The sum of \$170,000 has been included in the budget for 1951 for the road construction.

The action taken this week marks the first preparation in this area toward the eventual construction of the Freeway. The strip of land which will be purchased for the road widening begins at the California Nursery at Niles and will extend to the site of the Freeway near Alvarado. The extra land to be purchased is approximately 40 feet, mostly on the southwest side of the present road.

## TOWNSHIP FAILS TO RALLY TO CIVIL DEFENSE

"Residents of Washington Township apparently do not realize the seriousness and need for formation and training as set up in the civil defense program here," said Gene Manning, executive secretary of Washington Township Chamber of Commerce. "Lack of response to the program is alarming," he continued.

At a public meeting at Washington Union High School last week Sheriff H. P. Gleason outlined the necessity for a civil defense organization in event of a major disaster in the Bay Area. He asserted that the township should be completely organized to care for its own civil defense program within six months.

Gleason asked Manning to distribute application forms, which Manning, in turn, said he would place in every post office in the township. He is urging volunteers to fill out these application forms.

(Continued on page 8)

## NO OATH REFUSALS ARE REPORTED HERE

More than 200 teachers, board members, firemen and various district officials of Washington Township have taken the oath of allegiance during the past weeks with no reported refusals.

A recent state law made it compulsory for all civil defense workers and public employees to take the oath prior to November 1 or have their salaries suspended.

GOV. EARL WARREN

## Warren Wins Here By 360; Record Vote

As Washington Township went—so went the state in Tuesday's general gubernatorial election.

A record vote of 4598 was reported here by the 29 local precincts in the eight communities.

The hottest contest locally was the race for governor, with Earl Warren winning over James Roosevelt by the narrow margin of 360 votes out of the 4598 cast.

## DOUGLAS IS STRONG

The next closest race locally was the battle between Helen Gahagan Douglas and Richard Nixon for the United States Senate. Nixon edged his opponent here 2189 to 2081, a margin of but 108 votes, with some 328 voters not making a selection in that race. Mrs. Douglas managed to carry 16 of the 29 local precincts, but lost out in the total vote.

Another close race here was between Sheridan Downey Jr. and Chris B. Fox for judge of the Superior Court, office 5. Downey outpointed his opponent 1942 to 1495, for a margin of 447, which proved to little avail on a county-wide basis.

In the county contest for the post of Assessor, Russell Horstmann outdistanced his opponent, Alfred J. LaCoste, 2333 to 1052 here in the township.

Frank M. Jordan ran up a commanding lead over George Walsh in the contest for Secretary of State. Jordan polled 3,607 votes against Walsh's 287.

Incumbent Thomas H. Kuchel, in the three-way battle for state controller, received 3,441 votes here, against Virgil Hinshaw's 166 and Alia T. Washington's 179.

Charles G. Johnson won a sizeable lead with 3560 votes against Reuben W. Borough's 215 in the fight for state treasurer.

## BREED RETURNED TO OFFICE

The three-way contest for attorney general provided only a minor race here, with Edmund (Pat) Brown getting 2,547 votes against 1604 for Edward S. Shattuck and 55 for Claude Watson.

Arthur H. Breed Jr. won a vote of confidence in Washington Township in his request for reelection as state senator from the 16th District, getting 3331 votes against 312 for his opponent, G. Linwood Fauntleroy.

## STATUS OF CREDIT BUREAU REPORTED

A meeting of the members of the Washington Township Credit Bureau was held Wednesday evening at the International Kitchen, presided over by Walter Chrysler, vice-president.

Henry Hammond, manager, gave a report on the status and accomplishments of the organization during its first six months of operation.

The newly elected director, Mitchell Romley, Irvington, was introduced to the members and their guests.

Bain Leask, chairman of the membership committee, reported to the group that new members were being signed up at regular intervals.

### U. OF C. ALUMNI PLAN BANQUET HERE

All University of California alumni, and all of those who are interested in the university even though they have never been students there, are being invited by the University of California Club of Washington Township to attend the annual Pre-Big Game dinner at the International Kitchen on November 16.

Mrs. Roland Bendel, secretary-treasurer, reminds those who wish to attend that reservations should be made with her by not later than next Monday, Nov. 13. The price of the dinner is \$2.50.

"It is not necessary to be a member of the California Alumni Association to attend our local club's dinners," said Mrs. Bendel. "The local club does not limit its membership to alumni members."

Specially invited guests for this occasion are 15 senior students of Washington High School who are planning on entering a university next year. The program has been designed to appeal to them as possible future students at the University of California.

The main speaker for the evening will be Herman Spindt, director of admissions. The program will be augmented with a film showing student orientation.

Another speaker for the evening will be Stanley McCaffrey, executive-manager of the California Alumni Association.

Bernard Brownstein, president of the local club, will preside at the dinner meeting.

### NEWARK MOTHERS TO MEET MONDAY

The Newark Brownies' Mothers Club will hold a meeting next Monday, Nov. 13, at the Youth Center in Newark. The time has been set for 7:30 o'clock.

A representative from the Hayward Area Girl Scout office will be at the meeting to talk to the mothers.

## SPORTS

### HUSKIES LOSE TO LOS GATOS; OUT OF LEAGUE RACE

The slow-starting Washington Huskies allowed the Los Gatos eleven to great a lead before they got rolling here last Friday night and suffered their second S.C.V.A.L. defeat of the season by a score of 19 to 14.

The Wildcats ran up a lead of 13 to 0 before the Huskies could get rolling.

Jack Ferraris, Huskies quarterback, swept around end for the Huskies' lone first half score, giving the Wildcats a 13 to 7 advantage at half time.

Los Gatos took a 19 to 7 lead in the fourth quarter with a score which Halfback Bert Pfister set up with a 30-yard dash off tackle to the five-yard line.

The Huskies scored late in the fourth quarter to make it 19-14 when George Pagan passed to George Silveira, the pass and run good for 38 yards.

In the preliminary game, the Los Gatos B's remained unbeaten with a 14-9 victory over the Pup-pies, knocking the Washington lightweights out of any hopes for bagging the league championship for the second year.

Tonight (Friday) the Huskies will be hosts to the San Jose Tech squads in two SCVAL games slated for 6 and 8:15 p.m. at Memorial Stadium.

### JOE DUTRA WINS FISHING DERBY

The members of the Township Sportsmen's Club held their annual two-day fish derby at Frank's Tract last Saturday and Sunday and the local anglers proved their ability by landing some outstanding catches.

Joe Dutra took first place with a 23-pounder, followed by Ray Borge, 22 pounds; Al Caeton Jr., 20 pounds; Joe Birch, 19 pounds; and Henry Rego, 18½ pounds.

The first newspaper in the American colonies told its readers, "It is designed that the Country shall be furnished once a month (or if any Glut of Occurrences happen, oftener,) with an account of such considerable things as have arrived unto our Notice."

### SPORTSMEN PLAN 2 TURKEY SHOOT

Sharpshooters of this area will have plenty of opportunities during the next two weeks to win a turkey for their Thanksgiving dinner.

Two pre-Thanksgiving turkey shoots are scheduled by Sportsmen's clubs of the township, with turkeys to be handed out as the awards.

The first shoot will be conducted by the Niles Sportsmen's Club at the range on the Mission San Jose-Niles highway on Sunday, Nov. 12. President Clarence Musgrove has named Al Gamba as general chairman of the event. The contests will open at 10 a.m. and continue until 5 p.m.

The following Sunday, Nov. 19, the Newark Sportsmen's Club will hold its annual public shoot at the club grounds on the Dumbarton Bridge road. Frank Martin, general chairman, has announced that the events will include .22-calibre rifle and pistol shoots and a trap shoot. The events will get under way at 9 a.m. and run until 5 p.m.

### LOCAL ELKS FAIL TO PLACE IN FISH DERBY

Sportsmen of Washington Township are not very happy over the performance turned in by local members of the Elks at the annual Elks Fishing Derby held last Sunday.

Eleven local Elks joined their fellow members in the contest near Antioch and only one of them managed to land a fish. George Geib of Niles landed what the other members of the party termed an "unmeasurable" fish. At least, it didn't win a prize.

### NEW TELEGRAPH SERVICE ANNOUNCED

Every railroad traveler automatically will have a charge account with Western Union and can send telegrams enroute easily and conveniently under a new plan now being placed in operation with the cooperation of the railroads, it was announced this week by the Southern Pacific.

The new plans avoids the necessity of cash payment. The passenger can charge it to his home address, or can have it charged, of course, to his business charge account or Western Union Credit Card number. He also can send it collect.

### GLIDER PILOT AT WARM SPRINGS SETS NEW RECORD

Ted Nelson, Warm Springs sail-plane pilot, established a new Bay Area altitude record for sailplanes last Sunday, reaching 12,550 feet above sea level, 4000 feet over the previous record.

The flight was made possible by a "standing wave," caused by high velocity south winds preceding a storm. Nelson, flying his "Hummingbird," reached his maximum altitude directly over Warm Springs Airport and maintained radio contact with the field throughout the flight.

His first message, telling that he had found the "wave," brought all the other pilots on the run and there was a scramble to get into "the blue."

Two of the other ships reached 9600 feet and spent several hours at about that altitude.

Nelson estimated that had he desired to make a cross-country flight he could have glided 100 miles downwind with no additional lift. He could have landed well past Sacramento, which is 90 miles from San Jose.

He reported a rate of climb of up to 1000 feet per minute in the extremely smooth air characteristic of a "standing wave."

Some of the Warm Springs Airport glider pilots are installing oxygen in their ships so as to be able to explore the standing wave.

## OVERFLOW OF QUERIES PRINTED HERE

Criswell, the prognosticator who has achieved state-wide acclaim for his predictions in MAGAZINE CALIFORNIA, appearing every other week in the Register, is so swamped with questions that the MAGAZINE is unable to print them all, due to lack of space. Local inquiries and their answers have been forwarded, therefore, to The Register, so that readers may find answers to their questions.

Q.—Will I get my money back on this place? Will I have to work all my life? Will we move to Oregon? Will my son finish school?—Mrs. A. S.

A.—Yes, but you will do a high pressure selling job. No, things will be easier in Oregon. Yes.

Q.—Will my sister die and when? Do we have a chance at this job?—Mrs. E. G.

A.—She is not too long for this world, and you can abide by what the doctor told you the last time. Yes. You will stay where you are for three months.

Q.—Why do we fail on selling this place?—Vivian Z.

A.—You seem too anxious to sell and at the last moment the prospective buyers get suspicious. You will sell, however, by November, and for an all cash price.

Q.—My sister had a small strong box. What became of it? Will I sell my place this year? Frank Z.

A.—It was misplaced, and it will be found among some things that were stored. Yes, by November.

Q.—Will my daughter's second marriage be a happy one? Will my money last me through the next three years? Will I

find work and contentment some places?—Mrs. M. J.

A.—Yes, because she will not allow the same mistakes to happen this time as she did last. You will be able to live nicely on what you have. You will soon be working again and dealing with people that you like. I know that your future is glorious, so accept all the good things that will come your way soon.

Q.—Are we going to keep the ranch we have now or will we move soon? Will our son get settled in the business he wants to go in?—Mrs. R. E. B.

A.—You will move in the spring, but it will be to your advantage at that time. Your son will go into the business he wants but there will be a delay. There is always disharmony in the world some place, but that doesn't mean that you would be touched by it. Just because the people next door have scarlet fever, that doesn't mean that you must contact this disease too. You will come into a period of peaceful prosperity with your family.

Q.—Will these friends will me anything? Is my husband serious about dying?—M. R.

A.—Yes, but you must visit them

again soon. He just wants sympathy.

Q.—Will my husband and I ever find happiness together again? Will he ever give up his drinking or must I divorce him? How about his affair of January and February. Is he all over it?—Mrs. M. R. T.

A.—Your husband is trying to run away from his responsibilities, and must be made to act more adult. He needs you much more than you will ever need him. You must not nag him but give him to understand that you are giving him one more chance out of the goodness of your heart, and if he fails here, you are through with him. This will straighten him up, but see that you keep your word. He is repentant for the moment. Your future is very secure.

Q.—How can I get you to answer some very personal questions for me?—Nada D.

A.—Merely write me in care of this paper, state your questions as clearly as possible, give your name and address, and your questions will be answered as they are received, your full name will not be used, only your initials. Thank you for your nice note to the editor.

Q.—I want to buy a good commercial walnut grove very badly and have looked at several, but can't decide which one I should take. Can you tell me what town or where? When will this deal go through?—A. G. M.

A.—I sense you will locate about 75 miles northeast of where you now are, and this will take place by the end of November. You will come into a much better period.

Thinking Things Over...  
By VIVIAN BATMAN

People get money by writing about their most embarrassing experience. I won't get any money, but I'll write about mine anyhow. It happened several years ago when we first moved to Burlingame.

Burlingame people were very friendly, especially the people from the Baptist Church who made it a practice to call on every newcomer in the community.

One afternoon when the house was in a particularly unseemly state of disarray (we hadn't lived there long enough to get a clothes line up and stockings, underwear, and miscellaneous items were draped all over chairs in the living room) three very portly women—all tipping the scales in the 200-pound class and dressed to the teeth—came to call.

I ushered them into the living room, which had the appearance of a Chinese laundry, and asked them please to sit down. This was a gracious gesture, but obviously one that could not be accepted. The bewildered women looked around at the chairs—upholstered in slips, stockings, and pajamas—became even more bewildered, and finally plumped down on the sofa, which somehow had escaped the ravages of wash-day.

They explained that they were from the Baptist Church. They went on further to explain that the Baptists could do a lot for me. With the little disapproving glances they gave around the living-room, I somehow got the idea that they thought SOMEBODY should do something for me. Then we "passed the time of day," as the saying goes.

I had just finished shocking them by informing them that I NEVER iron sheets, when a muffled gasp came from the depths of the sofa. The women looked at each other. And I looked at them. Nobody seemed to know where the gasp came from.

"It must be one of the springs," I said placidly. "They sort of sigh some times."

The women gave each other significant looks and rose in a body. "Perhaps we'd better go now," they said in unison, "but we do hope you'll become a Baptist."

I replied that the Presbyterians, the Lutherans and the Methodists were all dickering for me, and I would have to give the matter considerable thought before I came to a decision.

At this point, the muffled gasp was repeated, only in more insistent tones, and—out from under the sofa cushions crawled my youngest son! He was then about four years old.

We all looked at him as though he'd appeared from another planet. He looked at the three women, pointing at them accusingly, and screamed, "You were sittin' on me. All of you! I couldn't hardly breathe!"

I didn't know whether to console him or choke him. "What were

## NORMAN LIMA AND BRIDE HONEYMOON IN SOUTHERN CALIFORNIA

Miss Beverlie Nunes of Newark was given in marriage by her father, Mr. William Nunes, to Mr. Norman Lima also of Newark, last Sunday at St. Joseph's Church in Mission San Jose. The couple was married at mass with Father John Leal officiating.

The bride was lovely in her gown of rose point chintilly lace imported from Belgium, with a train of white slipper satin. Her long veil trimmed with chintilly lace was fastened to a head-piece of seeded pearls and rhinestones. She carried a shower bouquet of bouvardia and two white orchids.

The maid of honor, Helen Elaine Fontes, cousin of the bride, wore a gown of chartreuse taffeta with a matching picture hat and carried a bouquet of talisman rose buds and gold orchids.

The bridesmaids, Florida Lewis and Marlene Roche, both of Newark, were in gowns of American beauty taffeta with matching picture hats and carried bouquets of gold-colored roses.

The masculine entourage of the wedding party included Merle Nunes, best man; Joe Zavattaro and Baron Holland, ushers.

The church was beautifully decorated with white chrysanthemums by Mrs. W. McWhirter of Centerville.

The bride's mother, Mrs. William Nunes, was attired in an aqua blue costume suit with brown accessories, and wore white orchids.

Mrs. Velma Lewis, organist, accompanied Mrs. Gertrude Dutra, vocalist, who sang "Panis Angelicus," "On This Day O Beautiful Mother," and "Lord I Am Not Worthy."

Breakfast was served to the wedding party at the Newark residence. A buffet supper was served to the guests attending the reception. Turkey and ham were served with all the trimmings and champagne furnished by the Weibels was served in addition to the wedding cake.

The bride left on her honeymoon attired in a wine-colored suit with navy blue accessories. The couple is on a southern honeymoon. They plan to make their home at the Mette Apartments in Centerville. The groom is employed at the James Graham Mfg. Co. —Irene Mendonca

## EUGENE O'NEILL'S PLAY PROVOKES INTERESTING DISCUSSION FOR GROUP

By ETHEL AVILLA

One of the most interesting drama meetings to be enjoyed by the Decoto Discussion Group was when, on Wednesday, Nov. 1, Mrs. Dorothy F. Roberts, Alameda County librarian, had the discussion of "Ah Wilderness," the only light and amusing play ever written by the foremost American dramatist, Eugene O'Neill.

He has had many honors heaped upon him both at home and abroad. He is a three-time winner of the Pulitzer Prize and in 1936 won the Nobel Prize for Literature for "Anna Christie" and "Strange Interlude." Mrs. Roberts gave a resume of the playwright's

life, stressing how and why he has been the most vital influence in the American theater for the past 25 years.

Preceding the meeting, luncheon was served by the hostess, Mrs. Bernie Joseph. The centerpiece for the table was a most beautiful arrangement consisting of a pumpkin surrounded by fruit, nuts and autumn leaves. Mrs. Robert Fisher was a guest.

The next meeting will be at the home of Mrs. Katherine Goulart on Wednesday, Dec. 6, when members will read poetry of their own selection. There will be no leader.

## Sugar 'n Spice

Mr. and Mrs. Louis Lagorio of Centerville are receiving the congratulations of their friends this week upon the birth of their first child, a daughter, who was born on November 2 at Alameda Hospital. Young Lynn Margo weighed seven pounds and six ounces at birth.

## Week-End in Monterey

Enjoying the past week-end in Monterey were Mrs. Nora Maciel, Miss Mamie DeValle, Mrs. Helen Ferreira, Mrs. Mary Amaral, and Mrs. Mary Texera, all of Newark.

you doing, stretched out under those cushions, and why didn't you say something?" I asked him. "I couldn't!" he said tearfully, "They were sittin' on me!"

I turned to them apologetically, wishing that somehow the living-room floor would cave in and I could sink safely into its depths. "Really, I'm awfully sorry," I said weakly.

The women began to draw on their gloves, gave me a pitying look, walked out the front door in the manner of those who have been granted a leave of absence from an insane asylum and called back over their shoulders, "Really, my dear, we don't want to rush you. Perhaps, after all, you'd be happier in some other church."

Need I add that I never saw them again?

Is a large company "good" for the community?

...meet Henry Bertholas and friends for the answer!

Henry Bertholas, Fall River Mills, started over 40 years ago digging gas mains for one of our predecessor companies. Today he's manager of the Pit River District. Like many another of P. G. and E.'s 16,500 employees, Henry has found time to serve his community—for several terms as school trustee; and as fire commissioner. To his neighbors in Shasta County, Henry Bertholas is P. G. and E.!

This is Frank Linebeck, Superintendent of Elementary Schools, Anderson District. Few of Shasta County's leaders know better than he how valuable a citizen and neighbor is P. G. and E. For the company pays nearly half of all school taxes that support Shasta County's fine schools.

Our main job is to see that you have all the gas and electricity you need at the lowest possible rate. You can judge how efficiently we do that job by two facts: the rates you pay are among the lowest in the nation—and plentiful reserves have already been provided by our record-breaking postwar expansion program, with even more facilities being built.

But every business has additional responsibilities: to the communities where it operates, and to their citizens. We now introduce you to six of our neighbors in Shasta County. On the basis of what P. G. and E. means to them and their communities, we think you can judge what it means to you and your community.

**P. G. and E.**  
PACIFIC GAS AND ELECTRIC COMPANY

Meet Mr. and Mrs. Hugo Balma, of Redding. Along with more than 169,000 other P. G. and E. stockholders, they have invested a portion of their savings in our stock. Not only does this investment pay them a return, but helps finance P. G. and E.'s widespread expansion program to assure you a continuing, adequate supply of low-cost gas and electricity.

Harry Horr, of Glenburn, rancher and sawmill operator in the northern country for 50 years. Mr. Horr once said: "When P. G. and E. and its predecessor companies came into Shasta County 64 years ago, it helped put a lot of local folks in business, and we're still benefiting by it—just as are the folks who get their power at low rates."

Here's W. N. Hogg, owner of his own Variety Store in Anderson. To merchants and businessmen, as well as the folks who work in Shasta County, P. G. and E.'s investment of \$68,000,000 in property, and annual payrolls of \$1,668,000—have meant better business, a more prosperous community in which to live.

# Mighty Mt. Shasta Reigns Over Wonderland

By JACK FLEMING

When you're on the home trail of the fleet-footed mule deer, it will lead you to the land of the Shastas, the home of 10,000 fascinations and to a mighty snow-crowned mountain which rules the wonderland.

And thousands of tourists, campers, winter sportsmen, hunters and fishermen follow the trail of the mule deer, too, into the winter and summer wonderland that is the Mt. Shasta domain of Northern California.

The rivers, streams, lakes, forests and mountain slopes of Mt. Shasta's fabulous wonderland is a fitting habitat for the mule deer and a natural haunt for recreation hunters of California and the nation.

An awesome spectacle to behold, mighty Mt. Shasta is the fountainhead for this intriguing Northern California empire and from it stems all of these 10,000 wonders.

## Many Recreations

Everything recreational can be found in the Mt. Shasta wonderland, of course, and for miles around her scenery stands out against the horizon, a challenge to the fickle tricks of man and nature.

But more important to the world of men who make their living from the 10,000 wonders that exist positively in that scenic paradise is that Mt. Shasta is a good provider.

Lumber, mining and recreation are the primary enterprises conceived by men, and each industry survives in a large-scale manner—nothing small, for smallness would not befit the mighty mountain.

In tempo with the beauty of the country, the counties of the fabulous wonderland are tagged with fitting titles that blend with their surroundings. Modoc, Trinity, Tehama, Lassen, Shasta and Siskiyou.

It is scenic Siskiyou County, though, that holds the key to the wonderland in its palm. For Mt. Shasta, majestically lifting over the entire snow-crowned head of the wonderland, sits peacefully and serenely in the Siskiyou country.

MT. SHASTA, FOUNTAINHEAD FOR 10,000 WONDERS

There are not only things to see at Mt. Shasta, but things to do, too.

Some of the main ones, the slopes of Mt. Shasta offer some of the best skiing to be found on the Pacific Coast. The Everitt Memorial Highway to San Flats and Panther Meadows reaches within a mile of the sports area where skiing is unsurpassed from October to June.

Snowman Hill, about seven miles from Mt. Shasta on Highway 89, affords excellent skiing for novice and expert alike from December to April. And there is also plenty of lakes and ponds for ice skating, too.

Plenty Camping Camp grounds, because of the abundance, summer and winter, and there are numerous trails for hikers and streams for fishermen.

Mining is a big industry in the Shasta area, which is noted for its wealth of minerals of most kinds. But lumber is the paramount industry, with modern logging equipment.

WATERFALLS FILL EYES OF TOURISTS

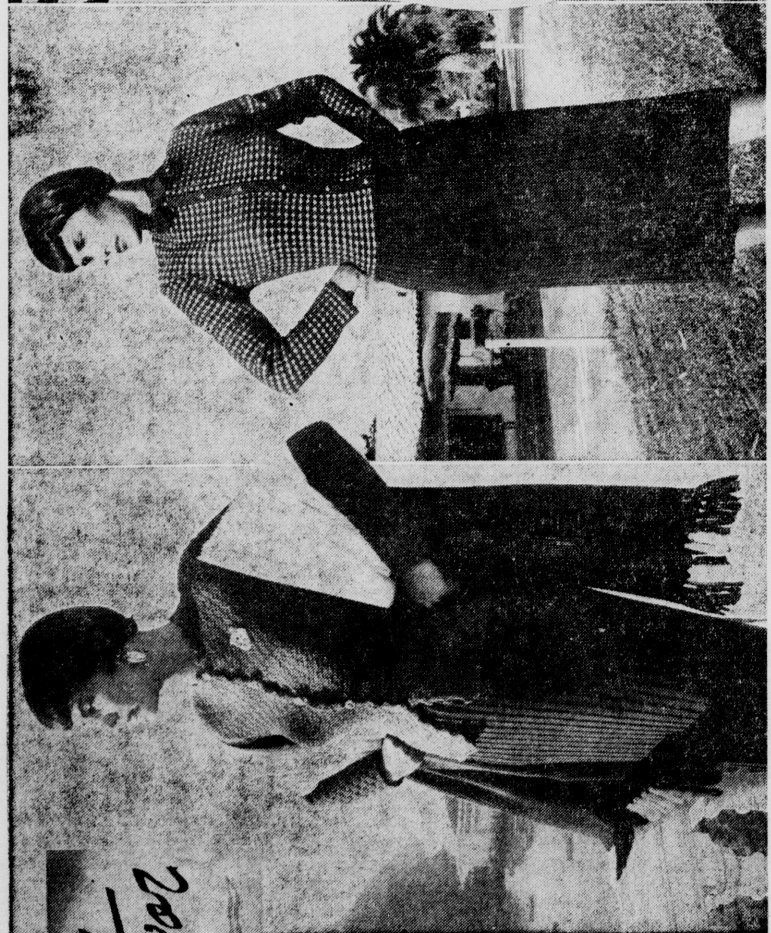

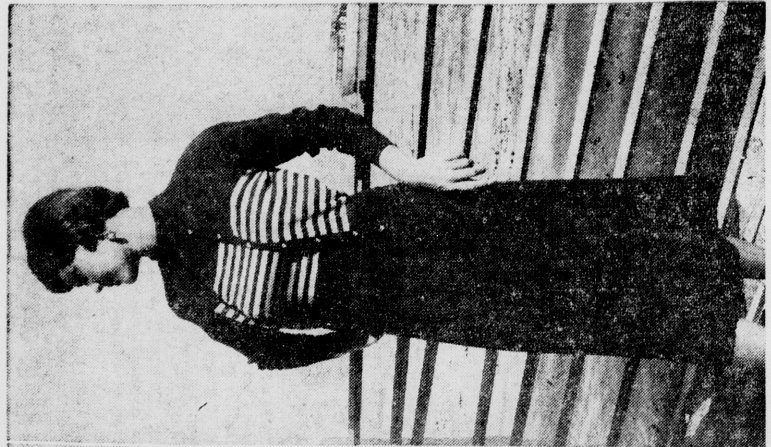

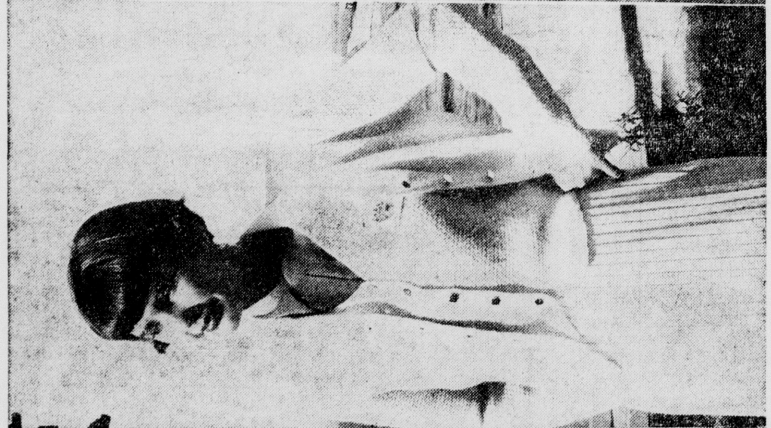

# Knits Gain Favor

Knits are proving exceedingly popular for fall and give promise of continuing in favor for into spring. The Lou Reiser collection from which the campus or career girl can select an entire wardrobe typifies the trend. There are three-piece ensembles which can be mix-matched or worn as separates and 5-yard-long fringed stoles, soft and light as a feather to be thrown nonchalantly about the shoulders as desired.

Knits are always smart, especially for fall, and to prove it is (left) an ensemble of cardigan, skirt and stole that is unusually dramatic in its eye-appeal and still is practical in its functional versatility.

At the left center is a two-piece knit suit that is practical and, right center, a 3-piece ensemble is smart. At right, crew neck cardigan, with or without pull-over, all from Westwood Knitting Mills.

## Mt. Shasta . . .

(Continued)

ern mills scattered throughout the entire area.

On top of mining and lumber is the railroad. The Southern Pacific Railroad headquarters its Shasta division at Dunsmuir, thus offering a graphic contrast in industry and recreation.

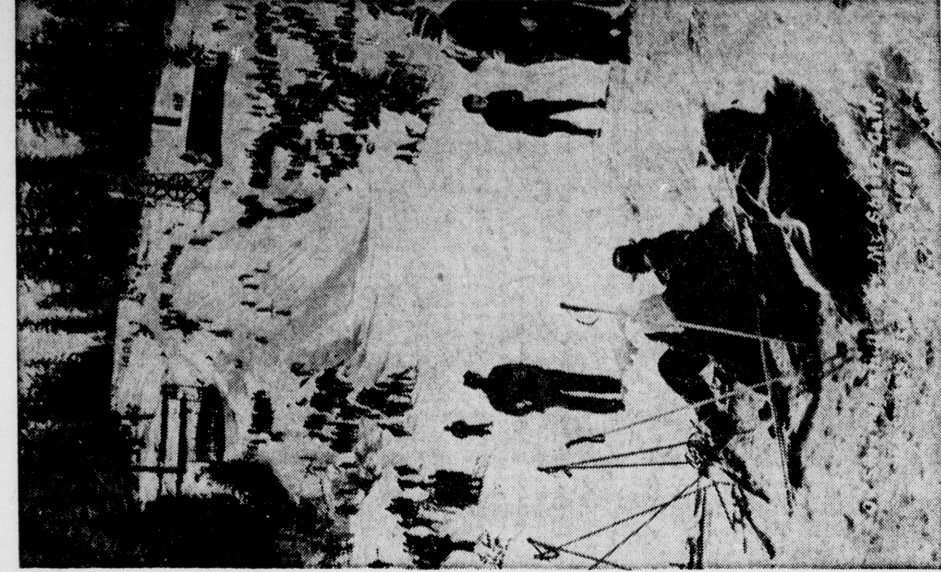

Dunsmuir lies smack between Mt. Shasta and another scenic center in the wonderland—Castle Crag State Park where granite peaks pierce the sky more than 6000 feet high from a timber clad base.

### Discovery Value

It is not strange either that much of Mt. Shasta is rich yet in discovery value. For with all of the people coming and going, there is much of the wonderland that has not been soiled by human commercialism.

Rich natural resources have scarcely been touched, and diversified farming, fruit growing, stock raising, lumbering, mining offer rich opportunities in this young, virile land.

It is no wonder the trail of the mule trail deer leads the hunter into this paradise, and the best advice the Shasta-Cascade Wonderland Association has to offer the wandering tourist is, "Don't forget your camera."

WINTER SKIERS FLOCK TO SNOWLAND

# Cookie are Versatile

With fall comes a round of activities—with school lunch boxes to be dressed up and entertaining to be done the cookie comes into its own. They can be the answer to what to serve.

Ginger snaps, molasses cookies, or what have you? They're good in any form, especially attractive to small children when cut in the shape of animals or nursery rhyme characters. For entertaining the bridge club, cookies should take on daintier forms. Here are some recipes to try on your next baking spree:

By MAYME R. KRYTHE

Under the fire and stress of the battlefield, one of the world's beautiful poems was created. It was in a hollow at the foot of this bank. Sometimes the wounded actually rolled down the slope into the medical station. The chaplains buried the dead nearby, where white crosses marked their resting places. Between the firing of heavy guns the soldiers could hear the larks singing. This caused the doctor to write his poem, which, as Morrison stated, was "literally born of fire and blood." During a lull in the firing, Dr. McCrae wrote his stanzas on a leaf torn from a dispatch book and sent it with his name to Punch, in London. They printed his poem in heavy type used only for special events. Soon it was copied all over the world and acclaimed

as outstanding. Because of the strain of his work, the doctor's health was undermined. On Jan. 28, 1918, he died of pneumonia and was buried with the men he had tried to save.

The wooden crosses have been replaced by marble ones, and there is a memorial chapel at the spot. Each year many persons visit the doctor's grave, now a shrine. Each Armistice Day it is covered with blood-red poppies from Flanders and his poem is read as a reminder of its message—that we should complete the task for which many made the supreme sacrifice.

If we break faith With us who die, We shall not sleep Though poppies grow In Flanders Field.

Resting place of U. S. dead is Flanders Field Cemetery (above) at Maereghem, Belgium. Scene recalls the dramatic World War I poem: "In Flanders Fields."

## Sheer Gloves Protect Nails From Damage

The inside story to every pair of sheer nylon gloves you wear this summer lies in your hands. Your gloves will tell the story if your polish is chipped and nails broken.

If you allow your hands to become dried out from the summer sun, your sheer gloves will give you away. For real flattery in these gloves, you'll need to do a regular and careful buffing and shaping of nails, a nightly application of hand lotion and a weekly manicure without fail. If necessary, do a touch-up of your manicure in mid-week.

While the sheerest nylon gloves are sturdier than your nylon stockings, it's still best to use care in handling them. Ease them on gently over rings and costume jewelry. Be very careful to avoid snagging the gloves on jewelry prongs. If you wear a large, bulky ring, turn it to the palm. There's more room for it there.

Nylon gloves wash clean in a very few minutes, dry in a hurry and retain their shape. After they have been squeezed out, spread them on a fluffy towel and "iron" with your fingers. Press the gloves flat along the seams and crisp out any bows or frills. When the gloves are dry, they'll look like new.

## Overbeating Cordles Whipping Cream

Overbeating makes for curdling, so when you are preparing whipping cream beat it only until it holds its shape. You will need four tablespoons of sugar to sweeten, a cup of the cream; beat the cream until it thickens, then add the sugar slowly along with a little vanilla.

Guests at the luncheon included, in addition to the guests of honor, Miss Sandra Lowe, Mr. and Mrs. Donald Lemos, Mr. and Mrs. Thomas Jackson and daughter, Mr. and Mrs. George Rose, Mr. and Mrs. Daniel Arena and family, Mr. and Mrs. Joseph Arena and family, Mr. and Mrs. Samuel Arena and family, Mr. and Mrs. Angelo Arena and family, Mr. and Mrs. Donald Boyd and family, Mr. and Mrs. J. D. O'Reilly and family, Mr. and Mrs. Santos Arena, Mr. and Mrs. Keith Comfort and family, and Mr. and Mrs. Cip Diaz.

### In the Army Now

Mrs. Leon Vieux of Niles is a persevering mother, as is borne out by the fact that on last Thursday she motored down to Fort Ord to visit her son, Leon, recently taken into the Army from civilian life, and was met with, "Sorry, he's busy taking tests."

So she drove home again, to make the trip the following Sunday. This time she succeeded in seeing her son, who was not in what one might call a cheerful state of mind as he had been undergoing a series of "shots" and consequently was slightly under the weather. "C'est la guerre," said his mother philosophically.

Mr. and Mrs. Harvey Granger and family will motor up to the Berkeley campus this Saturday to witness the U.C.L.A.-Cal football game.

### Local Family Will Move to Auburn

It is with mixed emotions that friends of the George Coefields view their intentions of moving away from this community. Although their friends are glad for them of the opportunity they have of acquiring a cattle ranch in Auburn, they are, on the other hand, very sorry to see them move. They plan to move up to their new ranch in Auburn around Dec. 6.

Mrs. Coefield, active in Country Club affairs for several years, will have to give up her position as chairman of the Home Arts Section of the Club.

The couple, and their three children, live on the P. G. and E. Road.

### Twins' Birthday

Robert and Rodney, 8-year-old twin sons of Mr. and Mrs. Pat Luna, celebrated their birthday last Saturday afternoon at their home on Jones Way in Niles.

The highlight of the party came when their grandmother, Mrs. Elsie Luna, brought out two lamb cakes—one brown and one white—in honor of the occasion. The candles were placed on top of the "lamb's" backs.

Party games and party favors comprised the afternoon's entertainment. Those present were "Skip" Bodily, Bruce, Kirby and Heather McMasters, Gregory Lee, Diana and Paul Merrill, Michael Fassnacht, Suzanne, Wendy and Michael Hewitt, and Francis and Bob Dubanski.

### Visit at Fort Ord

Mr. and Mrs. Dick Nicklasson of Niles motored down to Monterey last Saturday to visit his brother, Sven, who is temporarily stationed at Fort Ord. Sven was one of the last group of men in the township to be called into the army.

### At Shriners' Dinner

Local couples who attended the Shriners' dinner at the Mt. Diablo Country Club last Saturday night included Mr. and Mrs. John Brahmst, Mr. and Mrs. Kenneth Bruner, Jack Parry and Helen Vieux, and Harriet Dias and Vernon Ellsworth. Mr. and Mrs. Brahmst had charge of arrangements, which was no small matter, as over 500 attended the affair.

### On Redwood Highway

Mr. and Mrs. Tony Lucas of Niles spent last week-end motoring up the Redwood Highway as far as Garberville, where they enjoyed the sight of the rising Eel River. According to Mr. Lucas, there has already been eight inches of rain in that area. He plans to return there soon for the salmon fishing.

In the role of best man was Arthur Hughes of Redwood City, and Stanley Maffey of San Jose, Jesse Jacinto of Alvarado, Leonard Smith of Decoto, George Silveira Jr. and Richard Silveira, brothers of the bride, ushers.

The church was beautifully decorated with white chrysanthemums and white gladiolas and candelabra with a cluster of white gladiolas and white satin ribbon on every fourth pew.

Father Charles O'Connor officiated at the double-ring ceremony.

A reception followed immediately at the Country Club in Centerville.

The Order of the Sons of Italy in America, an entirely new organization in this area, held its first meeting Friday evening, October 27, at Hansen Hall in Centerville, the meeting being called to order by the Grand Master of the Lodge of San Francisco.

The more than 50 potential members at the meeting discussed plans for forming a chapter in Washington Township.

Present at the affair were prominent members of the organization from Oakland, Berkeley, San Leandro, San Francisco and San Jose.

MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

PAINFUL

Mrs. Antoinette Azevedo has been undergoing eye surgery and at this writing is at home, but must return every day to her doctor for treatment. She is getting along O.K. but eyes are such tender organs that it is very painful nevertheless.

NAVY'S IN TOWN

Last week the Navy, at least one of the Navy, showed up in town and asked for McNemars. It was a friend of theirs, William Seaman, who was on his way home to Kansas following his discharge.

BETROTHAL TOLD

Who is that young lady who so proudly presents the left hand and says yes, it is so? None other than our Beverly Chambers, who has announced her engagement to Joseph Lopez of Rocklin. Bev is the daughter of Mr. and Mrs. Edward Chambers of the Mission, but has this year and next to go to high school before she plans to say "I do." It is a very nice ring, Beverly, and congratulations.

IN LOS ANGELES

Douglas Mayock, son of Mrs. Ann Mayock of the Los Amigos winery, is in Los Angeles on business for the company.

GOOD SIGN

Really, I never saw such a turnout as there was in the Mission all day Tuesday—and everyone was heading for the polls to vote. It goes to show that we are still a free country and will always remain so as long as the people show their true spirits as they did on this election day.

IN OREGON

Kathleen and Johnnie Amaral, owners of the Linda Vista Park, have been away on a very nice WET vacation in Oregon, according to their letters and are really having one grand time in spite of all the storms. Their son John Jr. and wife and little daughter are staying at the home place while they are away.

NOT SO WELL

Bert McIvor has been feeling very low lately and has been under the care of his doctor, but still insists on being on the job at his hardware store.

PLANS COMING TRUE

The Over home is really taking on a finished look. The garage has been painted gray and charreux and now the house is getting the same treatment. The family have been living in the garage until the home is finished and they hope that they can have their Thanksgiving dinner in their new

dining room and it looks like their plans will come true.

FIRST SOCIAL

The Mission Youth Center held their first social since their reorganization Saturday evening. Twenty-two of the young folks met and had a very nice evening of games and dancing at the school house. Cake made by four of the girls and hot chocolate were served at 10:30 so those wishing to go home early could. Business meetings are held on the first Tuesday of every month and all those wishing to join will be welcome.

HOME AGAIN

Mrs. Aldina Garcia and daughter Lorene have returned from a week spent at Citrus Heights near Sacramento with her sister and her husband, Mr. and Mrs. Hardy Burt, and daughter Katharine. Aldina is recuperating from a major operation and is still taking it very easy.

## LOCAL UNION PLANS YOUTH PROGRAM

The beginning of an extensive program to benefit youngsters of Washington Township by organized athletic and recreational activities was announced this week by the Niles local of the United Steel Workers Union.

Harry Avilla of the union outlined the plans at the Niles Chamber of Commerce meeting Tuesday noon at the International Kitchen. He stated that a dance at the Garden of Allah will be given December 16, with the proceeds going to a fund for building a recreation hall.

In the afternoon on Saturday, December 16, the union will sponsor a free skating party at the Garden of Allah (Rollerhaven) to which all township youngsters are invited.

President Joseph Eastwood and Personnel Manager Oscar Dowe of the Pacific States Steel Corp., have expressed their interest in the union's youth program and have offered the company's support.

The youth committee appointed by Buford Barks, president of the Niles local of the union, is comprised of: Harry Avilla, Ray Secombe, Frank Stewart, Hoy Odom, Dave Fisher and Robey Pierce.

## NEW DRAPERY SHOP OPENED BY MORRIS

Another new business which has opened its doors in Washington Township is Gordon Morris' Highway Drapery Shop located on the Centerville-Irvington highway, 200 feet south of Santos Road.

Morris, who formerly operated the Center Theater in Centerville, is well experienced in the line of draperies and curtains, having worked for some 17 years in that field prior to entering the theater business.

He has announced that his shop will handle all types of draperies, curtains, venetian blinds and the hardware for the window coverings. He will also feature a sales service on complete home furnishings.

The shop is open Tuesday and Thursday evenings and appointments may be made for home consultation.

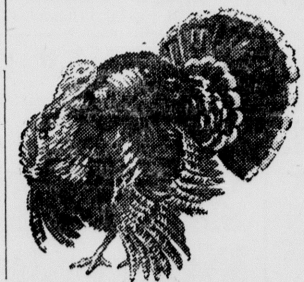

## ALVARADO RANCH WORKER IS FINED \$100

An Alvarado ranch worker, Sabino Sison, 36, was fined \$100 by Judge Allen G. Norris at the Centerville Justice Court last Friday on a charge of exhibiting a gun in a threatening manner. He was arrested in May for disturbing the peace.

Officers testified Sison had previously been reported as responsible for shooting through the windows of an Alvarado home, shots barely missing the residents. His automatic pistol was ordered confiscated.

The Herald was the first newspaper in New York to give detailed descriptions of the gowns worn by women at social affairs.

At the next meeting on November 16, members will enjoy a pot luck supper with the following committee in charge: Mary Lotti, Lida Francis, Mary Gastelum, Vicki Menezes, Mary Texera, Mary Silva, Mary Duarte, Louise Reis. Officers and deputies from Livermore Institute, Hanna Institute, All Saints, St. Jude Institute, St. Valentine's Institute and De Guadalupe will participate in a pot luck supper followed by a round table discussion on new changes in ritualistic procedure passed at the recent Grand Institute.

## CIVIL DEFENSE

(Continued from page 1)  
showing the job they might be most suited to handle.

Manning, a retired army colonel, said that township residents must develop a community spirit of enterprise and initiative which seems to have disappeared during the last 20 years, when the slogan of "Let Uncle Sam do it" became so popular here and throughout the country.

"We can't wait for Uncle Sam to do it," he affirmed. "Since the atom bomb recognizes no geographical boundaries, we will have to bestir ourselves to prepare for any disaster."

"Every adult—man and woman—in the township should take immediate steps to fill out the application forms, enabling those in charge of civilian defense to institute a screening process so that they may have adequate and competent civilian aid in time of an emergency."

## IT'S A DATE

On Dec. 16, the United Steelworkers of America, Local 3367, will hold a skating party and dance. The skating party is free to all children from 1 to 15 years old. Prizes will be given. The party is at the Garden of Allah skating rink. The dance will be held the same evening.

Music for the dance will be furnished by Marvin Ray. Funds will go to a Youth Welfare Fund sponsored by the local union. Admission will be \$1. This movement is backed by the Niles Chamber of Commerce.

Hay Odom is still a Roosevelt man, even after the election.

## AH-HA!

Say, Ray, which eye has the dark sun? Is that why you lost your car in Hayward Saturday night? Joe Hudson and B. Barks are going in the butcher business. Saw them dressing a hog Wednesday.

Keith Comfort and family visited his mother in Santa Cruz last week-end.

## CHRISTMAS IS COMING

Guido Tuana, head ladleman and former prexy, is building a new fireplace in his home. Something big enough for Santa Claus, we hope.

## TO CELEBRATE

Some of the fellows in the machine and roll shops have what they call a "coke" fund. Seems as the fund has built up so big that they are going to spend it on a night out (with the wives of course) in a San Francisco night spot, as yet unnamed.

What with those "get out and vote" signs all over the place,

## POT LUCK SUPPER FOR NILES CHURCH

A pot-luck supper for members of the Niles Congregational Church will be held Thursday evening, November 16, at 6:30 o'clock in Ford Pilgrim Hall, according to an announcement from the pastor, the Rev. Paul Focht.

Following the dinner and community singing, the full-length motion picture, "Second Chance," will be shown.

## THANK YOU

It's time someone thanked Mr. and Mrs. L. R. Batman, publishers of The Township Register, for their fine publicity and cooperation. So, "Thank you, on behalf of all of us."

## SONGSTERS

The roll shop can now sing western ballads and sit on a corral fence while doing it. 'Cause that's what they're having built around the roll shop.

"Iron Man" Downs of the machine shop had a broken toe and didn't know it.

Who's drawing those enticing pictures in the machine shop? They show definite talent, somewhat.

We were startled Wednesday morning to see smoke pouring out of the second O. H. stack. Seeing as how we didn't even know it was that far along.

Hal (Arab) Wright of the machine shop has my nomination for the best coffee maker in the morning. It sure smells good!

## FISHING TRIP

A gang of fellows and wives went deep sea fishing last Monday out of Princeton, near Half Moon Bay. Lou Vandenberg, Tommy Ledford and wife, Del Gregory, Carl Prienitz and wife, Cliff White and Robie Pierce enjoyed the outing. George Brown fished a little and then fed the fish. Ben Logan fed the fish but didn't fish. "Shorty" Stedman and wife enjoyed the trip except on the way back the Mrs. got a little seasick. One comment was that "We should do this more often." So they must have enjoyed it!
